 FILING DATE 8-30-82
 TRUE SIZE 8 1/2" x 14"
 P.M.

NARRATIVE

This survey was performed to check structure #115's relationship to the property line. I based my survey on C.S. 4205, finding the DLC corner and the 5/8" rod to the north of the DLC corner. There is no record distance to this rod but the scaled distance from the map is consistent with my survey. To the east I searched for the 5/8" rod at 1960 feet and found nothing. There was a 5/8" rod (not in the ground) bent badly and hanging on the fence above the found, unrecorded 1/4" rod. I held the record angle at the DLC corner as per CS 4205 to establish the approximate DLC line.

LEGEND

- ... Found monument as noted, pipes measured I.D.
- ⊙ ... D.L.C. corner
- . D.L.C. line
- x-x- . Fence line
- PP ... Power Pole
