NARRATIVE

This map represents the surveying required to satisfy City of Corvallis Partition Case No. MLP-90-4. The parent property was originally part of the ownership of Ester Howard Smith per deed recorded as Book 96, Page 298, BCDR. This ownership was surveyed into tracts per CS 4142. Tract 1 was sold per Book 40, Page 330 in 1952. Tracts 7 and 8 were then sold in 1967. I computed the DLC line as shown holding the DLC corner and a point 20 ft from the rod found at ①, set by CS 7455. Using the location for the DLC line I computed the record position ②. The west line of Tract 1 was described as being "parallel to the east line" of the DLC so I used the rod found at ③ to control this per CS 4212. I computed the other corners of Tract 1 per that deed parallel to the DLC line and the line ② to ③. The highway R/W was based on ④ and ⑤. Parcel I would be the old "Tract 6" and is based on projections of the east and west sides of "Tract 1" down to the highway R/W. The line between Parcels II and III was set per the owners requests considering current setback requirements for residential house construction.
